Please be mindful of pedestrians at all times. Slow down, stay alert, and move over when possible to give them space. Be especially cautious in residential areas, as both adults and children will be out and active.

Let's all do our part to keep our community safe and enjoyable for everyone.

Each visit earns another entry, so the more you check out items, the better your chances of winning.

It's our way of saying thank you for supporting your Library and keeping our shelves, computers, and programs busy. We love seeing you walk through the doors.

THE LIBRARY NOW HAS REMINISCENCE KITS AVAILABLE AT THE LIBRARY FOR BOTH DEMENTIA & ALZHEIMERS

Reminiscence therapy was conceived in the 1960s with the idea that looking back at our lives and recalling, discussing and interacting with someone in the present is therapeutic. Reminiscence is an activity that anyone can take part in and benefit from. The idea seems simple enough until dementia is added to the mix. Connecting with a person with dementia can be incredibly frustrating, but once you make a connection it is both rewarding and meaningful.
