6:30pm -7:30pm

Municipal Governance 101: Town Hall

September 9
6:30pm -7:30pm

Register at www.munisask.ca/events

MAIN SEWER LINE JETTING IS SCHEDULED FOR THE LAST WEEK IN AUGUST

You may notice a slight sewer odour inside your home during this procedure. If there is a smell we recommend opening a window for a few minutes, and pouring water down sinks and floor drains to help clear it.

Sewer main cleaning helps prevent blockages and backups by removing buildup in the mains, including tree roots, grease, grit and sand. This important maintenance work keeps our sewer mains flowing, reduces the potential for nuisance odours, and helps protect our infrastructure.

TOWN OF STAR CITY \$600 STUDENT BURSARY

The Town of Star City invites applications from students in need of financial assistance who have been accepted into a post-secondary educational institution, for academic or trade training.

Please submit a letter to the town council by August 31st, 2020 outlining why you should be considered for the scholarship. You should include all activities that you are involved in, volunteering, part time work, air Cadets, musical, art, hobby activities, and sports achievements. In addition to the above please supply council with your grades so far this year.

You may submit your applications to council in one of three ways:

Mail to:

1) Town of Star City
Box 250
Star City, SK
S0E 1P0

2) by email to:
town.starcity@sasktel.net
3) Drop off at the
town office

STAR CITY GRADUATION CEREMONY

Star City School's Graduation Ceremony has been postponed to Saturday August 22, 2020 due to COVID 19. Graduation Exercises will be dependent on the advice of Saskatchewan's Chief Medical Officer.

Any changes to the date and time will be posted on the Star City School homepage.

SaskWater Helpful tips to save water and money!

This summer, save a drop. Save a lot. With these simple water conservation tips:

- ☺ Watering your lawn for one hour or less, twice a week is sufficient
- ☺ For best results, avoid watering during the hottest time of the day or when it's raining or windy.
- ☺ Use sprinklers that throw big drops of water close to the ground. Smaller drops of water and mist often evaporate before reaching your lawn.
- ☺ Aerate, compost and weed your lawn to increase moisture retention.
- ☺ When mowing, cut the top 1/3 of the grass and leave clippings behind. They are a natural fertilizer and help the soil retain moisture.
- ☺ Collect water in a rain barrel and use it to water outdoor plants.
- ☺ Instead of washing your car with a running hose, use a bucket and sponge, then rinse using a trigger nozzle on your hose.
- ☺ Use a broom instead of a hose to clean your driveway or sidewalk
