Jan. 1 - closed

Jan. 2 - regular business hours

If your driveway is located in the back alley please make a spot available for your garbage/recycle bins in the front by staking out about a 6 foot span with markers on the ditch side of road & not on the road side. This will let our grader operator know where to drop the driveway wing to decrease the size of ridge for your garbage/recycle bin pickup area.

~ The driveway wing, when lowered should reduce the amount of snow left on driveway approaches but it will not eliminate a snow ridge. Unless this ridge is quite significant (more than 12 inches) staff will not return to remove it - this also applies to the ridges left in the back alley. Anything less than 12 inches is to be removed by the homeowner. Thank you.

Please have all vehicles/trailers, etc. moved from back alleys during the winter months & please park vehicles in driveways NOT on the streets during winter months to ensure the grader can get through for snow removal

Please remember to bring in your garbage/recycle bins off the streets once they have been emptied to allow for the proper snow removal

Please remember to check your garden hoses and to shut off any outside taps to prevent any water breaks over the winter months.

Tree trimming & compost pick up is done for the season. We will continue with these services in the Spring!

Thank you to
Saskatchewan Lotteries
for the helping fund the
Family Fun Day & Rockin'
Night that was held in
August.
