Council News ...

SCRAP METAL!?! There have been many residents asking if we are doing the metal pile again this year ... The Town **will not** be having a metal pile but the Star City Auto Body & McDonald Metals are working together and collecting scrap metal. If you have scrap metal you can drop it off in the green container located at the Star City Auto Body.

**** ONLY METAL IS ALLOWED IN THIS BIN!!**** Cameras are on premise. Please respect the rules!

In June Public Works will be replacing the hydrants and valves at two locations: 1st Ave & 3rd Street and at 1st Ave & 7th Street

Curb Painting and a New Star painted on Main Street is scheduled to be done the 1st week in June

Compost bags are available free of charge at the Town Office. Please keep them at a manageable weight and remember no rocks or garbage!

Branches should be stacked on the boulevard piled parallel to the road in no more than 8-10 foot lengths. The reason we like to have them alongside the boulevard is for easy access and removal. Removal with the skid steer can damage boulevards so keeping them on a harder surface makes it easier for everyone.

Invitation for Tender

The Town of Star City has an Invitation to Tender for the following jobs:

- Water Treatment Plant (shingles, new fascia, windows)
- Library (windows)
- Museum (shingles, new fascia)

**** For a more detailed list on jobs and other requirements, please visit our website or Facebook page. The tender will also posted in the window of the Town Office.**

Tenders will be accepted until 4:00pm on Tuesday, June 18th, 2019 at the Town Office (145-4th Street in Star City). Tenders after this date will not be considered.

NEW TOWN LOGO!

We are looking for new ideas for a Town of Star City logo ... Requirements for the NEW logo would include our Town's Name and a Star incorporated into the design. Please submit your ideas to the Town Office no later than June 14th, 2019.

**WATER BILLS ARE
DUE ON THE 15TH
OF EVERY MONTH.
PLEASE KEEP YOUR
BILL CURRENT –
THANK YOU.**

ROAD BOSS

We have a new attachment for our Skid Steer called the Road Boss. The Road Boss will churn and sift road material that deposits finer material in lower layers, leaving coarser material on the surface. Public works have already put it to the test and have used it in the back alleys to give them a fresh gravelled look.

Are you needing a facelift for your driveway? The Road Boss will also work well for gravel driveways. Please call the Town Office if interested. Minimum charge of \$25/driveway.
