Council News ...

Next Council Meeting:
Monday, May 13th @ 7:00pm

The Town Office will be closed on
Monday, May 20th for Victoria Day ...

Have a Happy
& Safe Long Weekend

Spring has sprung and the Town is once again picking up compost and tree branches in an effort to keep the Town looking neat & tidy. This service is provided free of charge however please note that our Public Works staff are busy during the summer months, so a limited amount of time is assigned for this task. Monday & Wednesday mornings (if time & weather permits) has been designated for compost & tree branch pick up. If you have an excess amount of trees and/or compost, please contact our office to make arrangements to have them removed. Additional charges may apply.

As a reminder compost bags are available free of charge at the Town Office. Please keep them at a manageable weight and remember no rocks or garbage!

Branches should be stacked on the boulevard piled parallel to the road in no more than 8-10 foot lengths. The reason we like to have them alongside the boulevard is for easy access and removal. Removal with the skid steer can damage boulevards so keeping them on a harder surface makes it easier for everyone.

Public Works will be grading streets to prepare for the dust control application. Being that Monday's are Greenland garbage/recycle pick up days we will be aiming to do streets Tuesday's – Friday's – weather permitting. Please make sure to remove garbage/recycle bins from the street once they have been emptied.

- ★ Dust Control is booked for the week of May 16th – 23rd.
- ★ Street Sweeping is booked for the end of May.

Please watch for updates on our Website and Facebook page to ensure your vehicles are removed from the streets.

Please let us know if you would still like a culvert as we need to schedule outside work accordingly. Please contact the Town Office for the current pricing/estimate for a new culver
